

Noyo Mooring Basin

Rules and Regulations

The Noyo Harbor District will deny the use of the Harbor to and cancel Berthing Permit of any individual failing to comply with the Rules and Regulations for the operation of the Noyo Mooring Basin.

The following rules and regulations are in effect:

1. No boat will be permitted to be berthed in the Basin until a Permit therefore has been first obtained, and the fee charged for such permit has been paid in advance.
2. Berthing Permits are non-transferable. No exchange will be permitted between boat owners of berthing spaces designated in the Slip Agreement without approval of the Harbormaster.
3. Refunds of annual prepaid rent shall be made for unused portions of advance rental payment after deducting the highest applicable monthly rate.
4. The Harbormaster shall have the right to rent berths of any vessel during the absence from Noyo Mooring Basin of such vessels. The vessel that is the regular user of such berth shall be restored to use of such berth as soon as the Harbormaster may reasonably do so.
5. No person shall discharge human waste, fish parts, garbage or refuse into the water of the Basin. It shall be the duty of the owner of the vessel to see that this rule is complied with.
6. No vessel, temporary or permanent, moored within the Noyo Mooring Basin shall be used as a place of residence. For the purpose of this regulation the use of any vessel as an overnight accommodation for one or more persons in excess of three (3) nights in any seven day period shall not be permitted without the permission of the Harbormaster.
7. Whenever it is necessary to perform work on board a vessel involving the use of burning equipment or compressed gases (such as welding or plumbing), the person proposing to do such work shall advise the Harbormaster of the nature and extent of the work, the workmen or company doing the job, and the date and time that the work will be done. This notification shall be given prior to starting the work and whenever practical at least one day before the work is to be performed.
8. No spray painting is permitted in the Basin.
9. Boat maintenance work shall be limited to that ordinarily required to keep a vessel seaworthy and in good condition. No major reconstruction work which would tend to make a boat unseaworthy or unsightly shall be undertaken in the Mooring Basin. Permittees shall not obstruct piers and access to fingers with tools and equipment. If permittees use portions of piers and access to fingers for rigging and maintenance work, such space must be left in a neat, clean and orderly condition.
10. Fueling of any vessel in Noyo Mooring Basin is prohibited. Pumping of bilges and emptying solvents into the waters of the Basin are likewise prohibited
11. Steps of a type approved by the Noyo Harbor District may be used for access to a boat. All construction shall comply with specifications adopted by the Noyo Harbor District.
12. Dinghies and rowboats owned by Permittees when not kept on board the owner's boat, may be kept in the water at the end of the owner's berth if there is sufficient room. They may not be

placed on the piers or fingers except for minor repair and must not obstruct free access or be left on the pier except when the owner is present.

13. Mooring lines shall be provided by the Permittee and shall be of sufficient number, strength, and size to ensure that the vessel remains securely moored under all reasonable conditions. Any mooring lines provided by the District to secure any vessel shall be charged to the Permittee the reasonable value thereof and the reasonable cost of installing same.
14. Movement of vessels in the Basin shall be subject to the direction of the Harbormaster.
15. No vessel shall be operated in excess of three (3) nautical miles per hour within the Basin.
16. If any vessel is moored in a slip not assigned to him by the Harbormaster and it becomes necessary for Harbor personnel to move said vessel, a towing fee of \$50.00 plus moorage fees at the daily rate will be applied.
17. No swimming or scindiving will be permitted in the Basin. A special permit may be obtained from the Harbormaster.
18. Fishing from floats or embankments of the Basin is prohibited.
19. No tires, hoses, rope, canvas or other material shall be nailed or otherwise made fast to finger piers, docks and piles without the approval of the Harbormaster. Dock lockers or other similar dock storage is prohibited
20. For Sale signs of any size are not allowed to be displayed without permission from the Harbormaster. Size and placement of signs must first be approved by the Harbormaster before placement.
21. The Harbormaster will be notified of any sale or transfer of ownership of any vessel moored in Noyo Mooring Basin at or before the time of the sale and/or transfer.
22. No vessel carrying passengers for hire shall be permitted to load passengers except under special permit issued by Noyo Harbor District and upon payment of such rates as may be adopted by the Noyo Harbor District.
23. It shall be the duty of each owner to maintain their boat. If the owner fails to provide adequate pumping and if a Noyo Harbor District pump is required the owner shall pay for it at the rate of \$50.00 per hour for the first hour or fraction thereof and \$15.00 per fifteen minutes of time thereafter, and an additional charge of \$50.00 shall be made for the second or more times the same boat is pumped during the fiscal year.
24. Only floatable type fenders are permissible within the Mooring Basin. Vehicle tires are not acceptable.
25. No person shall store or cause to be stored any debris, refuse or garbage on any pier, approach ramp or finger float in the Noyo Mooring Basin except in containers provided by the Harbor District. If the containers are full and/or you have a large amount of trash to dispose of, please contact the Harbormaster. Large metallic objects shall be legally disposed of by the boat owners.
26. It is the responsibility of the owner or person in charge of a boat to notify the Harbormaster office when terminating a berth. All owners will be charged slip rental until notice of termination is received in the Harbormaster's office. Vessel owners must sign an end of rental agreement form when they terminate their tenancy with the Harbor District.
27. All vessels using the Noyo Harbor District electrical receptacles shall be required to comply with the following minimum requirements for electrical cords and on board receptacles. (1) Electrical

cords must be 3 wires No. 16. (2) All cords shall be of sufficient length to lay on the dock and at no time shall cords create a tripping hazard. (3) Vessels having in use ground type plugs with exposed terminals shall be required to have nylon caps to cover exposed terminals. (4) The on board receptacles may be a single molded rubber receptacle and if contained in a metal box shall be grounded. Any vessels found not in compliance with the above will be disconnected until the above conditions are met.

28. Vessels using water from the Harbor facilities shall use a hose nozzle on all hoses when washing down their vessels.
29. Transient vessels shall be subject to berthing and departure order from the Office of the Harbormaster. Transient vessels may remain in the Basin for up to 90 days per calendar year. Vessels wishing to return to the Basin may sign on to the Basin wait list.
30. The berth you are occupying in the Noyo Mooring Basin may create a possessory interest subject to property taxation. The party in whom the possessory interest is vested may be subject to the payment of property taxes levied on such interest by the County of Mendocino.
31. All vessels must carry insurance naming Noyo Harbor District as an additional insured. Recreational vessels must have a policy with limits of at least \$300,000 as well as oil spill coverage. Commercial vessels must carry insurance with policy limits of at least \$1,000,000 with oil spill coverage. Vessel owners must provide the Harbormaster with a copy of their Certificate of Insurance. Vessels which do not carry insurance must pay an additional fee of \$1.00 per day for transient vessels and \$350 per year for long-term tenants to the Noyo Harbor District in order to offset the additional insurance coverage cost incurred by the District for uninsured vessels. Vessel owners are advised that payment of this additional fee does not provide insurance for your vessel.
32. Vessels must be able to move under their own power on 72 hours notice.
33. Vessels may not rely on shore power in order to stay afloat. The Harbor District shall not be responsible for any consequences of periodic power outages in the Basin.
34. The consumption of alcoholic beverages or recreational drugs in the Mooring Basin is strictly prohibited.
